

WATER MAIN WILL BE LAID IN 22 DAYS

Big Shipment of Pipe Was
Received by Waterworks De-
partment Yesterday.
DANGER OF SHORTAGE
BELIEVED TO BE OVER

Mayor Joyner Appoints Committee
of Five to Take Up General Man-
agement of the Waterworks De-
partment.

Good news was given out at the water
works office yesterday afternoon, when
it was announced that forty-two pieces
of the thirty-six-inch main, to be laid
from the river to the reservoir, had
been received and would be laid today.

This means that 534 feet of the 5,500
feet will be under ground at once.

The further statement was made that
240 feet, or twenty pieces, of the main
would be received each day, as St. Louis
had held up its order until Atlanta's
main was laid.

At the rate of 240 feet a day, the 5,500
feet from the river to Casey's Hill will
be laid in twenty-two or twenty-three
days. Once the main reaches Casey's
Hill, the water will flow by gravitation
to the reservoir.

It is now believed that all danger of
any more water shortage is over.

Committee to Investigate.
Mayor Joyner has appointed the fol-
lowing committee of five to take up a
communication which General Manager
Park Woodward, of the waterworks de-
partment, sent to the city council last
Monday, and to report whether or not
any further investigation into the water-
works management is thought to be
necessary.

Alderman Joseph Hirsch, chairman;
Alderman H. M. Beutell, Councilmen
Styron, Pearce and Longino.

This committee will meet some day
this week, read carefully the statements
made by the general manager concern-
ing the recent threatened water famine
and then say whether or not they think
the matter should be gone further into
if the decision is that a fuller investi-
gation is deemed necessary, the council
will adopt a resolution for such an in-
vestigation; if, on the other hand, the
committee declares that there has been
investigation enough, then the whole
matter will be quietly dropped.

The water in the reservoir has fallen
three inches since last Monday, when
the filters were put into use, but it is
not believed there will be another short-
age of water unless the people make an
unnecessary waste. The water board
has asked all consumers to economize
as much as possible for the next fifty
days, when the main will be laid from
the river to the reservoir, and there will
then be plenty of water.

Members of the special committee
and the water board who voted for a
new pump for Herndon station say that
the postponement for a committee to visit
Brooklyn cannot cause any unnecessary
delay, as the council will have to act
on the matter at its next meeting,
which is on the 17th of August. The
reply to this by the members of the
water board is that if the special com-
mittee and the water board had voted
for the immediate purchase of the Holly
vertical pump, council could have been
called together at once by the mayor
and the contract for the pump closed
this week. It is being recalled to mind
that the special committee and the
water board were called together by the
subcommittee on Tuesday, when council
had just met the day before.

The subcommittee could have had the
special committee called to act be-
fore Monday if it had so desired.

Editorial Constitution. In your re-
porter's statement of the action of
the water board and the special
committee of yesterday, as
reported in your paper of today, I
wish to say that, in my opinion, the
facts were not fully presented to the
public, and, as reported, were mislead-
ing and unfair.

The report of the subcommittee showed
that Mr. Dabney H. Maury had made
two reports. These two reports
showed quite a difference in results. The
first report showed that there was \$10,-
000 in favor of the vertical pump. Upon
rechecking his figures, the second report
showed \$17,632 in favor of the centrifugal
pump, the two reports showed a
difference of over \$7,000.

This difference, as explained by Mr.
Maury, was due to the fact that he
changes his figures on the average
price of coal from \$3.25 per ton to \$3.10
per ton, and changed other figures ac-
cordingly given him as a basis for his
calculation.

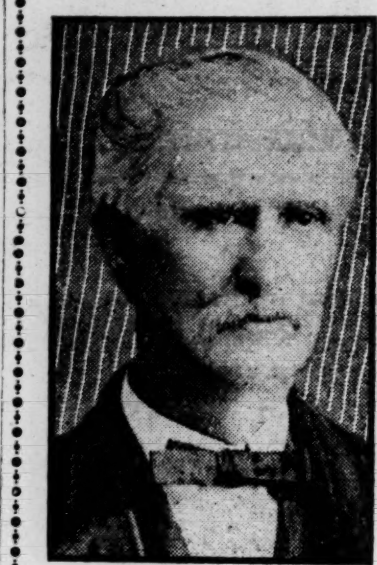

Both of these reports showed that the
initial cost was about \$22,000 in favor
of the centrifugal pump.

In estimating the operating expenses
of the two pumps, Mr. Maury had cal-
culated the cost of coal at \$3.10 per
ton, when five of the leading coal de-
alers of the city estimated the cost at
only \$2.74, while the average increase
for the past ten years showed a little
higher than this figure, or the two
would average about \$2.86
per ton. If Mr. Maury had figured the
cost of coal on this basis, it would have
shown a difference of more than \$25,000
in favor of the centrifugal pump.

Mr. Maury stated that he believed
that this type of pump was a coming
pump; that he knew of no pump of this
kind, of the size proposed here in op-
eration; that it had been very difficult
for him to arrive at his decision.

It was represented to the committee
that there was a 20,000-gallon pump of
this character in operation in the

Crisis Is Reached in the Af-
fairs of Korea.

JAPAN ALSO WANTS APOLOGY

Action of Korean Emperor in Send-
ing a Delegation Will Deprive
Him of His Throne and Leave
Japan Completely Dominant in
Korea.

Seoul, July 17.—Following a cabinet
meeting, which lasted four hours, the
premier had an audience with the em-
peror, continuing for three hours. It
has transpired that the premier made a
strongly worded representation of the
gravity of the situation caused by his
majesty's sending a delegation to the
peace conference at The Hague. He
pointed out the necessity for the em-
peror's abdication in favor of the crown
prince and of his proceeding to Tokyo
and apologizing to the emperor of Japan.
The Korean emperor made no definite
reply.

On retiring from the palace, the pre-
mier immediately called another cabinet
meeting, which lasted until 2 o'clock
this morning. The cabinet is deter-
mined definitely to decide Korea's atti-
tude by the time of the arrival of Vi-
count Hayashi, Japanese foreign minis-
ter. It is believed that the ministers will
insist upon abdication of the emperor.
The Al Ching Hoi (Progressive Asso-
ciation), which is supporting the crown
prince, has officially applied to Marquis
Ito to help save Korea from the grave
consequences of the emperor's acting
against Korea. It is reported that the
emperor has withdrawn 400,000 yen de-
posited in the Bank of Shanghai.

It is not considered likely that the
emperor will yield to the demand for his
abdication without a struggle.

Beginning of the End of Korea.

The request made by the premier of
Korea to the emperor to abdicate ap-
parently is the beginning of the end
of this ancient empire, and the inaugura-
tion of a closer control by Japan than
that she has exercised since the treaty
of Portsmouth, recognizing her predomi-
nant influence in the Hermit Kingdom.
For a long period Korea was under
the control of China, but in 1894-
95 Japan drove China out of the penin-
sula and Korea enjoyed a period of in-
dependence. In 1904 Japan stepped into
the Korean affairs with a view of safety,
independence and friendship, but since
that time Japanese influence has grown
in extent and power until finally today
Korea faces, in the abdication of the
present emperor, the final extinction of
her claims to recognition as an inde-
pendent state.

The installation of a
nominal emperor selected by the states-
men of Japan, seems to indicate that
Korea is to come wholly and entirely
under the sway of the Japanese.

Of aspirants to the crown throne
there are four. The crown prince is
regarded as incompetent. Prince Pak
Yun Ho, who is supposed to be sup-
ported by the Japanese, has recently
been brought back from exile, is pro-
Japanese, as is Prince Yi Chung
Ong, another exile, who has been await-
ing developments at Fusan since July
14. Prince Ewa, another candidate, is
also considered to be a protégé of the
Japanese.

The emperor of Korea was fifty-six
years old in September of last year. He
was called to the throne in 1894, when
he was thirteen. He was married at the
age of fifteen to the Princess Min, a
woman of noble Korean birth, at the
same age of her husband. It was she
who was assassinated. The son of this
union is the crown prince.

EMPEROR BOUND TO ABDICATE—OK
Although Korea is under an absolute
monarchy, the democratic custom has
existed since olden days of demanding
the retirement from the throne of a
sovereign whose conduct endangers the
national welfare. When such an oc-
casion arises the usage prevails that
the cabinet ministers shall ap-
pear before their ruler, one acting as
spokesman humbly states the advisabil-
ity of the emperor's retirement in favor
of a ruler of better repute. When this
is reached, the emperor is morally
bound to abdicate.

President's Assassination Crazy.

Paris, July 17.—An investigation into
the life history of Leon Mallie, the naval
reservist, who shot a revolver at
President Fallieres on the streets of
Paris last Sunday, leaves no doubt that
the man is unbalanced mentally. Fur-
thermore, he has been a victim of alco-
holism for years. He is possessed of the
mania of persecution, and fancies that
the state should restore to him his
identity, of which he was robbed at his
birth.

NORTH CAROLINA HOLDING GREEN

Despite Injunction Issued by
Federal Judge Pritchard.

COURTS IN DIRECT CLASH

Conflict Arises Because a Federal
Judge Tried to Prevent the En-
forcement of the Cheap
Rate Law by North
Carolina.

Raleigh, N. C., July 17.—After a day
of argument by counsel for T. E. Green,
ticket agent, and the Southern railway,
pleading for a continuance of the crim-
inal case against them in the superior
court here, presided over by Judge B.
F. Long, on the charge of violating the
state railroad rate law, the court over-
ruled all motions and ordered the trial
to proceed tomorrow. General Counsel
A. P. Thom, of the Southern railway,
is here from Washington. Pleas for
delay so as to prepare the case, for
want of jurisdiction, for unconstitution-
ality of the law, and for quashing the
indictments were made. Judge Long
overruled all of the motions.

After argument this morning the court
took a recess till 12 o'clock. Twenty
minutes before this time Judge Long
convened court again, and ordered that
Mr. Green, who having been in jail all
night, be taken from the custody of the
sheriff and held in the custody of the
court. It will now be necessary that
any writ issued for Green shall be di-
rected against Judge Long, presiding in
the superior court, and in effect the writ
would be to dispossess a state court of
authority in a criminal proceeding. That
Judge Long will decline to surrender
Green in obedience to a writ of habeas
corpus from a federal judge is generally
believed. A telegram from Asheville
says that Judge Pritchard is on his way
to Raleigh, having mailed the writ on an
earlier train.

An indictment for violating the state
law was this afternoon found against
a General Passenger Agent Taylor, of the
Southern Railway Company.

State Authorities Halt.

Asheville, N. C., July 17.—The state
authorities here have halted in their
prosecution of the Southern Railway
for selling passenger tickets at the old
rate instead of observing the new 2-1-4
cent rate fixed by the last legislature.
Habeas corpus proceedings were insti-
tuted before Judge Pritchard today for
the release of the district passenger
agent and the ticket agent here, Soli-
tor Brown told the court he had re-
ceived a message from Governor Glenn,
asking that the cases be continued un-
til counsel for the state could arrive
but subsequently he had been advised
that the case set for hearing in the
police court today had been dismissed
and, moreover, that the Southern's
agents were only constructively under
arrest and that there was no one to be
taken from jail. The cases were then
dismissed and Judge Pritchard will go to
Raleigh at once to hear habeas corpus
proceedings in the case of the Agent
Green, who was placed in jail last
night.

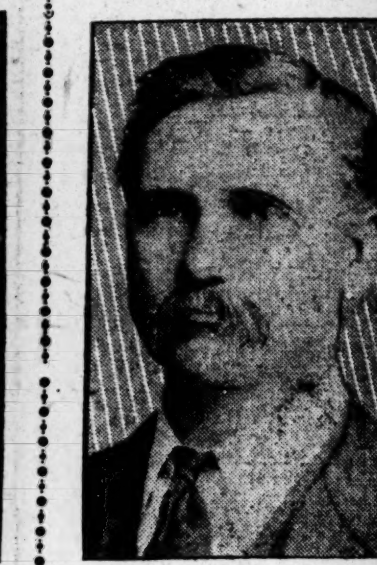

Shortly after Judge Pritchard left the city
a warrant was sworn out for the arrest of
H. Wood, district passenger agent, and C. C.
Wilson, depot ticket agent, on the same
charge, and both officials were arrested and
confined in the hotel Berkeley, in charge of
Deputy Sheriff Williams. Police Justice
Remond states that the cases will be tried
tomorrow morning, and there is no judge of
the state or federal court here to grant relief.
Defendants will not give bail or pay a fine,
and it is therefore expected they will be sent
to work on the road and may actually be
put at work before Judge Pritchard can be
reached.

Southern Agent Arrested at Char-
lotte.

Charlotte, N. C., July 17.—T. J. With-
erspoon, city transport agent here of the
Southern Railway Company, was today
arrested for refusing to sell a ticket
at the rate of 24 cents per mile as
provided by a recent act of the state
legislature. He will be placed on trial
at the recorder's court tomorrow morn-
ing.

Taft to Speak in Oklahoma.

Washington, July 17.—Secretary Taft
has finally arranged to make his politi-
cal speech at Oklahoma City, Okla., on
August 24, three weeks before the elec-
tion. He will stop there en route from
the east to the Pacific coast, whence
he sails from Seattle, Wash., on Sep-
tember 10 for the Philippines.

ANTI-TRUST LAW WORRIES BUSINESS MEN OF TEXAS

HOUSTON, Tex., July 17.—A meet-
ing of merchants is to be held
here tomorrow, at which it is ex-
pected resolutions will be passed re-
quiring every merchant in the state to
petition for an extra session of the
legislature and the repeal of the recent-
ly enacted anti-trust law. Under the
provisions of the new law the sale of

trust-made goods is declared a felony,
and it applies to employees of a business
house, as well as to the merchant him-
self. No merchant can have exclusive
agency for special makes of any char-
acter. The business men are much
aroused over the situation, and they
believe, if enforced, the statute will
paralyze business in Texas.

This is the first move of the vatican
against the ultra liberal Catholic cam-
paign in which, among others, a secret
international league is said to be en-
gaged. The pope specifically condemns
sixty-five statements taken from the
writings of leading Roman Catholic
modernist writers whose names are not

demned is one approving a total dis-

cursatorius and of other Roman Catholic
congregations.

ROME, July 17.—The long expected
syllabus from the pope on the
so-called modernism in
the faith and the reading of the
scriptures was issued this evening.

It consists of sixty-five articles,
and condemns with no lack of decision,
all ideas which it calls "modern ideas"
concerning the interpretation of the gos-
pels and modern criticism of the life,
works, miracles and death of Christ,
as well as criticism of the dogma of the
Roman Catholic church. It insists on a

SHIP ALLEGHANY BURNS OFF TYBEE

Vessel Belonged to Merchants
and Miners' Line.

ALL THE PASSENGERS SAVED

But Ship, Cargo and All Baggage
Destroyed—Boats Sent From Port
Screened Aided in Rescuing
Those on Board
the Ship.

Savannah, Ga., July 17.—The steam-
ship Alleghany, Captain Freeman, Mer-
chants and Miners' Transportation com-
pany, bound for Philadelphia, from Sa-
vannah, was destroyed by fire two miles
off Tybee island at 10 o'clock tonight.

All of her thirty-two passengers and her
crew were saved, but the ship, her car-
go and all baggage on board, is a total
loss.

Fire was discovered amidships within
two hours after the steamer left her
dock, the engineers, boiler men and
firemen being driven from their work by
a blast of smoke. In this crippled con-
dition the Alleghany began to drift, her
crew trying toward the beach.

The first cry of fire sent several ex-
citable passengers to the rails, and the
members of the crew prevented a num-
ber from jumping overboard in a mad
desire to leave the burning vessel.

After the first few minutes order was
restored and in the ship's boats and in
boats sent out from Fort Screven, man-
naged by soldiers, every person was
brought ashore.

Captain Freeman and the other officers
were the last to leave the Alleghany,
and seemed to be coming from a sheet
of flame. All of the persons saved from
the vessel were brought back to Savan-
nah on a government dredge, leaving
the hull of the steamer still burning.

"The ship's gone; we saved nothing,"
was Captain Freeman's brief report as
he led the way from the dredge to the
dock his vessel left a few hours before.

A few suit cases scattered among the
passengers represented the total salvage.
The Alleghany was built at Cramps
ship yards, Philadelphia, in 1881.

CLAIM DAIRY CAUSED TYPHOID.

Testimony Starting at Trial of
Birmingham Dairyman.

Birmingham, Ala., July 17.—In the trial
of N. C. Darby, a dairyman, who is
charged with selling milk detrimental
to the public health, some interesting
facts are being brought out.

One physician testified that twenty-
four out of thirty typhoid patients in
the infected district on South Highlands
were caused from the Glen Iris dairy,
belonging to Mr. Darby. City Bacteri-
ologist Duncan today testified that while
the city code allows a maximum of but
500,000 bacteria to the cubic centimeter
(about fifteen drops), his three tests of
milk from the dairy revealed respectively
to the cubic centimeter 6,800,000,
23,120,000 and 29,920,000 bacteria.

City authorities believe the fever is
now well under control, although ef-
forts to trace the source have not yet
been entirely successful.

SHOT BRAKEMAN; WAS LYNCHED.

Negro Ejected From Train Shoots
Brakeman—Lynching Followed.

Ossage, Okla., July 17.—Frank Bailey, a ne-
gro, was lynched by a mob consisting of 150
men and boys here last night after he had
shot and mortally wounded Frank Kelly, a
brakeman on the Santa Fe railway.

Kelly had ejected the negro from the
train in the afternoon. The negro hid in
the yards and as the train upon the top of
which Kelly was standing passed the ne-
gro shot him. The negro was caught an hour
later. A mob was formed and overpowered
the two officers who had Bailey in custody,
and hanged him to a telegraph pole.

Many New Houses in Columbus.

Columbus, Ga., July 17.—(Special.)—
Many new houses are in course of erec-

Phillips and Charles Phillips, well known
Columbus citizens, have built about half
a hundred in that locality recently. A
large new cotton mill, the plant of the
Swift spinning mills, is nearing completion.

BEST TONIC STIMULANT FOR THE OLD

Mr. George I. Goodwin, a Temperance Advocate, Who is 82 Years Old, Has Been Greatly Rejuvenated by the Use of Duffy's Pure Malt Whiskey, and Praises It as the Greatest Tonic Stimulant for the Old.

Mr. Geo. E. Goodwin, his son, recently wrote: "Writing for my father would say that he is now approaching his eighty-second year, but owing to loss of sight is not able to go out much and get his accustomed exercise, which he has had for years. He has never been in the habit of using stimulants in any way, but finding that he required something of the kind, has tried several, and prefers Duffy's Malt Whiskey to any other. He takes a small dose once a day, with an equal quantity of water, and the strength is sufficient, and considers that he has been much benefited by its use. As for myself, I never use stimulants of any kind, but heartily approve of your manufacture, as it has been so beneficial to my father."

Duffy's Pure Malt Whiskey is distilled wholly from malted grain, and its softness, palatability and freedom from injurious substances make it acceptable to the most sensitive stomach. There are thousands of men and women in this country alone who have passed the hundred year mark, and nearly every one of them has publicly acknowledged that he or she owes health, strength, continued use of all the faculties, and extreme old age to Duffy's Pure Malt Whiskey, the great cure and preventive of disease, the true elixir of life. It is a gentle and invigorating tonic and stimulant for old and young, and its medicinal properties make it invaluable to overworked men, delicate women and sickly children. Duffy's Pure Malt Whiskey has been analyzed many times by the best chemists during the past fifty years and has always been found to be absolutely pure.

Thousands of leading doctors prescribe it and prominent hospitals use and endorse it exclusively.

All druggists, grocers and dealers or direct. \$1 a bottle. Illustrated Medical Booklet containing some of the many convincing testimonials received from grateful men and women who have been cured, and doctor's advice sent free. Duffy Malt Whiskey Co., Rochester, N. Y.

WAR DECLARED ON BLACK ELKS

Grand Lodge Declares That Order Must Be Kept White.

Philadelphia, Pa., July 17.—The official returns of the election in the grand lodge of Elks, held yesterday in this city, were announced today, as follows: Grand exalted ruler, John K. Tener, of Charlotte, Pa.; grand treasurer, Edward Leach, New York; grand esteemed royal knight, W. T. Leickie, Dowagiac, Mich.; grand esteemed lecturing knight, Bayard Gray, Frankfort, Ind.; grand esteemed leading knight, John D. Shea, Hartford, Conn.; grand secretary, F. C. Robinson, Dubuque, Iowa; grand trustees: Thomas B. Mills, Superior, Wis.; T. F. McNulty, Baltimore, and Mayor C. C. Schmidt, of Wheeling, W. Va.; grand tyler, James Foley, and grand inner guard, A. M. Taylor.

During the sessions of the grand lodge, it was decided to establish a flag day for Elks on June 14. A resolution was adopted calling for the appointment of a commission to devise ways and means to prosecute outsiders who use the Elks emblem. A subsequent resolution calls for the appointment of a commission to confer with congress to find means to prevent the use of the emblem.

The Memphis lodge was authorized to prosecute the negro Elks of that city. In this connection a resolution was passed regarding the Newark, N. J., lodge for electing a man said to be a negro. A further measure instructs the grand ruler to order the Newark lodge to investigate the man's antecedents, and if it is found that he is of negro extraction, to expunge his name from the rolls.

PLAN A LODGE OF BOOSTERS

Leroy Wynne Will Organize a Lodge in the Gate City.

Added to the list of fraternal organizations, secret orders and the like, Atlanta will have one more. Leroy F. Wynne, of Atlanta, has been appointed the Georgia member of the national committee of the National Fraternal and Commercial Order of "Boosters," and will shortly begin the work of organizing an Atlanta lodge.

The Boosters' national headquarters in St. Louis acts as a clearing house of original and practical ideas to use universal publicity for different points, bringing them to the attention of manufacturers seeking locations for new plants, or branches, or home-seekers.

CARROLL COUNTY CLUB ORGANIZED IN ATLANTA

The citizens formerly of Carroll county now residing in Atlanta have organized a Carroll County club, there being between three and four hundred people living in Atlanta who came from Carroll county.

The object of the club is to get acquainted with each other and for the improvement of the members socially, morally, intellectually and financially, to aid each other in all laudable business undertakings.

The club is meeting temporarily in Judge Landrum's court room, No. 43½ Decatur street. There will be a meeting Thursday night, July 18, at 8 o'clock, at which time it is expected to swell the membership to at least two hundred, as there have already been about one hundred and sixty names enrolled.

passed at the present session. It is hardly necessary for me to suggest that such legislation, to be free from constitutional objection, should provide for a hearing on the part of those of the value of whose property is to be fixed for taxation. In any event, until such legislation may become effective, I respectfully urge the necessity of amending the present machinery used by your executive officers to fix the value of the property for taxation which the law requires returned to the comptroller.

A SMALL SECRET Couldn't Stand the Taste of His Customers.

Two men were discussing the various food products now being supplied in such variety and abundance. One, a grocer, said, "I frequently try a package or so of any certain article before offering it to my trade, and find that way sometimes form a different idea than my customers have."

for eight weeks with a tropical fever he contracted in South America some years ago.

Professor Heilprin was born in Satoraj-Uhely, Hungary, in 1853. When he was three years old his parents moved to this country. He was educated in Europe and made a special study of natural history. He was for five years president of the Geographical Society of Philadelphia, and was a leader of the Peary relief expedition in 1892. He was one of the foremost authorities on geology in this country and has written many books on the subject. Professor Heilprin made his most famous scientific investigation at the eruption of Mount Vesuvius in 1905, and Mount Pelee, Martinique, in 1902, and under great danger he ascended the volcano as the eruption was then belching molten lava and stone. Professor Heilprin arrived at the top of Mount Pelee at 1:30 and remained there for four hours. When he descended he resembled a statue of mud. The weight of ashes and mud he carried on his person, the horrible atmosphere he breathed and the fearful difficulty he encountered reduced him to a condition of extreme fatigue, notwithstanding the fact that he ascended Mount Pelee from the most accessible and easiest side.

NEVIN MADE ADDRESS AT ROME.

Spoke Before the Merchants' and Manufacturers' Association.

Rome, Ga., July 17.—(Special.)—James B. Nevin, delivered an address last night before the Merchants and Manufacturers' Association.

Mr. Nevin discussed the Jamestown exposition, and the effective manner in which Rome is being advertised through the efforts of the Merchants and Manufacturers' Association, which has established a permanent office in the city.

The retiring board was presided over by Brigadier General M. K. Davis. Lieutenant Colonel Ayers was asked by the president of the board whether he desired to be retired. He replied that he did not. The hearing was then adjourned until tomorrow.

AYRES FACES ARMY BOARD

Because He Stood by Wife in Dispute With War Department.

New York, July 17.—Lieutenant Colonel Ayers, whose wife got into a dispute with the war department because she was barred from visiting West Point, appeared today before a retiring board in this city. Lieutenant Colonel Ayers was anxious for the ordeal. Although he has consulted his counsel he appeared alone before the board, and says he is confident he will pass the examination successfully. Ayers says he is in perfect health, and that his physical and mental condition is excellent.

20 INDICTED FOR RIOTING

Men Who Smashed Greek Restaurants Will Be Prosecuted.

Roanoke, Va., July 17.—The special grand jury ordered by Judge John W. Woods, of the corporation court, to investigate the rioting of last Saturday night, when a mob smashed all the Greek restaurants in town, adjourned this evening after finding twenty indictments. The jury will meet again on Wednesday of next week. Several scores of witnesses were heard. Twelve of those indicted have been arrested, as follows: Robert Crawford, J. F. Lester, Robert Bell, George Phillips, U. E. Bergendani, Thomas Divers, J. C. Puckett, James Taylor, Charles Chaffin, Henry Stone, William Holcomb and James Ferguson.

MINISTERS TO TAKE ACTION

They Will Oppose Request of Bankers for Delay.

There will be an important meeting of the Evangelical Ministers' association at 10 o'clock this morning at Wesley Memorial church. The meeting is called by Rev. George H. HEARST BLOCKED PISTOL BLUFF BY MCLELLAN THAT FAILED

There Will Be No Recount of Ballots Before Next Fall.

New York, July 17.—Justice Ingraham, in the appellate division of the supreme court, today announced that the court had unanimously decided that the recount law, which provides for a recount of ballots cast in the last mayoralty election in New York city, is unconstitutional. In view of the action yesterday of the appellate division in Brooklyn in deciding that William R. Hearst is entitled to a recount under this law, Justice Ingraham stated that it had been decided to let the case go to the court of appeals for final decision. In the meantime, Justice Ingraham said, the court would issue an order for a stay of proceedings under the law until the court of appeals had time to render a decision.

Clarence J. Shearn, counsel for Mr. Hearst, raised the point that the court had no authority to issue an order for a stay of operation of a law passed by the legislature. After an argument the court reserved its decision.

The court, after a consultation, denied the motion to make permanent the temporary writ of prohibition, but granted a stay of further proceedings until the court of appeals shall have passed on the constitutionality of the recount law.

The decision of the appellate division today precludes the possibility of a recount of ballots in the last mayoralty election until the fall, as the court of appeals will not be able to reach the case until October.

REFORM WORK IN WISCONSIN. Summary of Important Laws Passed by Legislature.

Milwaukee, Wis., July 17.—The 1907 session of the Wisconsin legislature which has just adjourned at Madison was the longest of any in the history of the state. One of the most important of the measures enacted into law gives the railroad rate commission authority to regulate and control every public service corporation in the state. Among other bills of importance that were passed were the 2-cent fare bill and several life insurance measures. One of these practically prohibits proxy voting. The other limits the expense charges in policies.

To hold up a man with a pistol in his hand and take the gun away from him is very bold work for a footpad, but such was done when Solomon Bass, a half witted negro, was tackled by highwaymen last Thursday night.

Robert Brown, another negro, was arraigned in the recorder's court yesterday morning on the charge of being one of the footpads who held up Solomon.

"Yas, sah," exclaimed Solomon to the recorder, "disser nigger and udders hitt me up and tuk er dollar and er pistol from me."

"What were you doing with a pistol?" asked the recorder.

"I had de gun," was the reply, becase I was skeered ob robbers."

"But you didn't use it," remarked the recorder.

"Naw, sah," stated Solomon. "Mer dead ma tol' me nebber ter git in no trouble, but ter run whenebber dere wuz er fight in sight. So when dat pistol nebber skeered de robbers I let 'em hab it whilst I tuk ter mer heels."

Solomon was certain that Brown was one of the highwaymen and the prisoner was held in a \$300 bond to answer to in the state courts for highway robbery.

LIGHTHOUSE TENDER AT FAULT. Collision Brought About by Boat on Which Was Roosevelt.

New Orleans, July 17.—The United States light house tender Magnolia, on which President Roosevelt was a passenger, and not the fruit ship Esparita, was at fault in the collision between these two boats in the Mississippi river October 26, 1905, according to a decision made by Judge E. D. Saunders, in the United States district court here today.

In dismissing a suit for \$25,000, brought by the government against the fruit ship, Judge Saunders held that the evidence taken in the case by a United States commissioner showed the lighthouse tender to be at fault from beginning to end. The accident which brought about the litigation occurred when President Roosevelt took his trip south in the autumn of 1905. He had brought his trip to an end in New Orleans and was on his way to board the cruiser West Virginia when the lighthouse tender, which was conveying him to the mouth of the river, crashed into the fruit ship.

STAR WITNESSES BRANDED LIARS

Defense Attacks Men Who
Squealed in Lynching Case.

MOORE IS IN HOT WATER

Although County Official, He Wrote
Article Excusing the Lynching.
Judge Peebles Declares Moore
Guilty of High Con-
tempt of Court.

Charlotte, N. C., July 17.—The defense in the case of twenty citizens of Anson county, charged with the lynching of J. V. Johnson, at Wadesboro, the night of May 30th, 1906, now in hearing in Union county superior court, today began the introduction of testimony, concentrating its efforts in an attempt to impeach the evidence given by witnesses for the state.

T. R. Tomlinson, the officer who arrested H. D. Kendall, a member of the mob who turned state's evidence, testified that Kendall told him that he (Kendall) was at home on the night of the lynching; that late that night he heard the noise made by the crowd passing his house and went out to his gate to investigate but could not recognize any member of the mob.

He Saw No Man on Horseback.

C. J. Gathins testified that, aroused by the noise made by the lynchers, he went to a point near the jail but saw no one on horseback. Kendall testified that he rode to jail with the mob. On cross examination witness admitted that the night was so dark he could not have seen a horse if one had been there. Several witnesses testified in refutation of Sheriff Bogan's testimony that the sheriff had stated to them that he did not recognize any member of the mob the night of the lynching. Bogan stated on the stand that he had given evasive answers to several inquiries as to his recognition of the lynchers for reasons of personal safety, threats having been freely made against state's witnesses prior to the first trial. Other witnesses swore to the alleged bad character of the senior Kendall, but admitted on cross examination that they considered his character good prior to the lynching.

C. C. Moore, register of deeds for Anson county, and several others of the defendant's chief witnesses admitted relationship to the defendants. Several testified to contributing to a fund to employ counsel for the defendants.

Judge Scores Witness Moore.

Moore admitted the authorship of a communication in a local paper, numerously signed, published a few days after the lynching, setting forth the bad character of the man who was lynched, and declared that the object of the publication was to let the world know what manner of man had been lynched.

Just prior to adjournment of court Judge Peebles, after dismissing the jury from the case, stated with great feeling and emphasis that the publication of the article mentioned was high contempt of court and that every one of the signers of it should be punished. The court then caustically criticized the witness, Moore, for having taken part in a proceeding prejudicial to the peace and dignity of the community while holding a position as an officer of the county.

The defense has over fifty witnesses and several days may be required for the examination of these.

this cut. For the next few days we will sell and connect one of these thoroughly guaranteed steel gas stoves for only **\$16.00**. This offer is purely an advertising feature.

A Word About The Estate

Strength and Durability.—Because of the extra heavy and very best of material used in their construction. The steel sides are heavily insulated, preventing the heat from radiating through the range. The oven bottoms are made out of heavy steel protected from the excessive heat of the burners by air space and asbestos linings. They cannot crack from fire, as cast iron oven bottoms frequently do.

Economy.—Because of the great efficiency of each and every burner, the proper dimensions of every flue, the heavy asbestos insulation used throughout the entire range, always securing best results.

The Rotary Estate Water Heater

has never been sold by any dealer for less than \$16.00; that's the price the world over.

The Rotary Water Heater has a large amount of heating surface and quick circulation.

A bath is ready in fifteen minutes after lighting the burner, using only eight feet of gas and costing less than one cent, with gas at \$1.00 per thousand feet. This statement is verified by thousands who now have the Rotary in use.

Don't confuse the rotary with smaller and inferior heaters. There are none which will equal it in durability, efficiency and perfect circulation.

For the next ten days we will connect and guarantee everything for only \$11.00. Purely as an advertisement do we make this proposition, and you had better get it while you can. A daily demonstration is being conducted at the Peachtree store and we will be delighted to show you how a home can be very economically furnished so far as the luxuries go.

HE KILLED MAN WITH FIST BLOW

Harry Miller Struck Private
McFarlane and Death
Followed.

Little Rock, Ark., July 17.—Charles McFarlane, a private of the Sixteenth Infantry, U. S. A., stationed at Fort Logan Roots, was killed last night while engaged in a fist fight with Harry Miller, a teamster. It is stated that no bad feeling had previously existed between the two men, but a slight misunderstanding led to the encounter and Miller, who is of huge frame, struck McFarlane a powerful blow with his fist, the latter sinking to the ground and expiring almost immediately. Miller was arrested. McFarlane was formerly a member of Company E, Thirtieth Infantry, now en route to the Philippines.

This well illustrates the rapidly increasing use of fountain pens.

INDEMNITY COMPANY IS SUED.

Brunswick Enters Suit for \$10,000
Against the Aetna.

Brunswick, Ga., July 17.—(Special.)—Suit was filed today in the city court by the city against the Aetna Indemnity Company, of Hartford, Conn., for \$10,000. The company gave a bond in November, 1905, to indemnify the city in case the Southern Electric, Gas and Railway Company failed to build gas and electric light plants and trolley line under a franchise granted to J. H. Neff by the city council.

Neff organized a company and filed his bond. Later when he had failed to make financial connections, N. P. Pratt, of Atlanta, deposited \$1,000 as a cash forfeit. He in turn passed up the franchise. Several weeks ago another franchise was granted to F. D. M. Strachan and associates, of this city, who purchased the Mutual Light and Power Company and agreed to build the trolley line within a year. The city recently determined to collect the bond filed by Neff. Service was perfected on C. F. Dodd, local agent of the Aetna.

GREEK MIXES WITH GREEK

They Had a Lively Set-To at the
Corner of Broad and Ala-
bama Streets.

In the presence of nearly a hundred people last night about 8:30 o'clock several Greeks made a lively disturbance at the corner of Broad and Alabama streets, and, while no one, as far as ascertained, was hurt, bars, bats and sharp knives were brought freely into play.

Exactly what caused the fight or who the participants were was apparently not known to the police last night. The number of Greeks mixed up in the fight is also unknown, with the exception of the statements of several persons who claimed they saw the fight, and these placed the number at anywhere from six to a dozen. Clothes were torn and blows exchanged with a vim, and George Patel, a Greek, living at 105 Central avenue, while trying to act as peacemaker, had a finger of his left hand slightly cut. A knife and bat were secured by the police, and the fight soon was but an incident of the murky past.

EDITORS FINED FOR CONTEMPT.

Jail Sentence Held Up During Good
Behavior.

Hot Springs, Ark., July 17.—Editors W. T. Amis and E. O. Schaffer, of The Bulletin, were again adjudged guilty of contempt of court by County Judge O. H. Sumter this morning and were each fined \$50 and sentenced to ten days in jail.

The jail sentence was suspended subject to their good behavior. The contempt consisted in the publication of certain editorials following the imprisonment of the two editors for a few hours last week on their refusal to pay fines assessed against them on a previous conviction for contempt of the same tribunal. Mr. Amis is pastor of the First Baptist church and has taken a leading part in the reform movement here.

PHENIX CITY ALSO AFFECTED.

Prohibition for Georgia Will Make
Two Alabama Towns Dry.

Columbus, Ga., July 17.—(Special.)—What might be termed the Alabama consequences of the proposed adoption of state prohibition by Georgia continue to grow. A few days ago an Alabama law, ten years old, was resurrected providing that when Columbus goes dry, prohibition shall also be in effect in Girard, Ala., just across the Chattahoochee river from Columbus.

There is another Alabama city just across the line from Columbus, Phenix City, with 5,000 inhabitants, and the statutes have been again searched and another law dug out, providing that when Columbus and Girard go dry, Phenix City shall also join the prohibition ranks. This act was passed by the Alabama legislature in 1897. The chain of consequences is rather interesting, the life of Girard saloons depending upon the prohibition status in Columbus, a city in another state, and the "dryness" or "wetness" of Phenix City being governed by the liquor status in two other cities, one in Georgia and one in Alabama.

A Day of Great Action In the Ready-To-Wear And Great Values.

All These Things On Sale After 8 O'Clock

A veritable gala day in Ready-to-Wear. Because it has for its field of action the entire sweep of the second floor from the Silk Suits to Muslin Underwear.

Any one item in itself would be meat for an advertisement. But we aim at prompt and effective execution. We brought to view that Chamberlin-Johnson-DuBose maxim that we've so often repeated to you: "We're not going to take more than one bite at a cherry."

We have called upon the various branches of the ready-to-wear:--silk dresses, shirtwaist suits, silk waists, lingerie waists, muslin underwear, washable petticoats and other items. The suits for example: you could buy neither the material nor pay for the making at the prices we have marked them for in this sale. Just the suits for traveling; ideal in materials and in styles. Or if you're to stay at home this summer, these will be exactly right for fall wear; exactly right in weight and in style.

CONSERVATISM ASKED FOR

Many of the Proposed Measures
Could Not Possibly Be Complied
With, So the Representatives
of the Railroad State.
List of the Speeches.

Earnest and able pleas for conservatism on the part of the Georgia legislature in considering and disposing of the many bills affecting railroad interests in the state were the features of the session of the joint railroad and judiciary committees of both branches of the legislature held in the house of representatives yesterday afternoon. While no official action was taken by the joint committee, the various questions relating to railroad regulation in Georgia were discussed pro and con by the railroad men, and members of the committees composing the joint body and the legislators present expressed their desire not to injure the railroads but to protect the corporations and at the same time promote the public welfare. The committee, under the chairmanship of Senator E. K. Overstreet, of the seventeenth district, met at 2:30 o'clock. Major J. F. Hanson, representing the Central of Georgia railroad, was the first speaker to address the joint committee.

Major Hanson reviewed briefly the development of the sentiment against railroads and corporations existing for the past few years and condemned the illegal methods of those corporations which defied the laws. Speaking directly of the Central of Georgia railroad, he declared that the Central today needs and desires to offer greater facilities than it does at present to the public, but that the adoption of drastic legislation by the present Georgia legislature would materially affect the prospects of needed improvements being made. He stated that the railroads have to pay for loans at the present time from 2 to 3 per cent more than bankers or merchants pay on money borrowed, and that this condition was brought about in a large measure, by the war being waged on railroad interests. Loans made by railroads are secured by bonds which must run for a number of years, and even were it possible to obtain short time loans he personally would be opposed to such policy. The Central be opposed to such policy. The Central to \$5,000,000 to pay for the facilities needed to properly handle the business it can handle, but the lenders of large sums to the railroads must first be reasonably assured of the payment of the principal and interest of such loans, and if unwise, punitive measures are adopted and enforced, the Central itself, unless he changed the laws now controlling earthly affairs, can not prevent railroad upon railroad in the country going into the hands of receivers.

Roads Could Not Comply.
Major Hanson asserted that it was physically impossible for the railroads to comply with the provisions of some of the bills before the legislature. Not even the jailing of railroad officials, he declared, would or could bring about the results sought to be accomplished by some of the projected statutes. He invited the committee and the legislature to make a full and thorough investigation of the financial condition of the railroads promising either the hearty co-operation of himself and associates or states his belief that other companies would not object to the same course being pursued with regard to their interests, and that such an investigation would be of great assistance to the legislature in arriving at a just solution of the important questions coming before it for attention. Major Hanson closed with a courteous yet forceful plea to the intelligence and sense of justice of the members of the committee and the legislature for fair treatment of the railroads and added his belief that such would be their course. President W. A. Garrett, of the Seaboard Air Line, the next speaker, told the committee that the Seaboard was one of the many Southern railroads trying to obey the laws and treat the public with fairness. It was a small railroad, he said, operated in the south only, and in the past fourteen months had built 90 engines, 4,500 freight cars and 40 passenger cars, at a cost of \$6,500,000. It sought always to employ the best men for the best positions, and would hardly be able to stand additional burdens and penalties. Service and safety were the objects sought by the thinking people of the country and by the legislature, he felt satisfied, and by moderate legislation they could be accomplished.

LOOKING FOR J. C. DOUGLASS

California Firm Writes Secretary of State Cook Asking for Information.

Secretary of State Philip Cook received a letter yesterday from C. Shearer & Co., of Los Angeles, Cal., asking for some information concerning a man by the name of J. C. Douglass, who is supposed to have relatives in Georgia.

Douglass was employed by the firm to locate some mining claims in Nevada, and was furnished with a prospector's outfit. For a time he reported all right, but the firm has heard nothing from him since last October. As the firm owed him considerable money he is not supposed to have gone wrong, and some fear is expressed that he may have perished in the desert. His employers say they thought a great deal of him and are very anxious to get some trace of him.

Roosevelt Gives His Books to University.

Berlin, July 17.—President Roosevelt has sent as a gift to the University of Berlin a set of his works in nine volumes, beautifully bound and bearing his autograph. They have been added to the Roosevelt library, which was founded by Professor John William Burgess. The gift is referred to today by the press as an indication of the good will of the American president today toward Germany.

A GOVERNOR'S COMMENDABLE COURSE.

Governor Glenn, of North Carolina, is just now occupying the center of a stage upon which many eyes are turned. He is the hero of the piece and following him through the plot are the hopes and good wishes of his host of auditors.

Governor Glenn has determined that the laws of his state must be enforced, among them some laws which have hitherto, not only in North Carolina, but in other states, suffered violence as the consequence of an apathetic public sentiment or indifferent executive and judiciary, more often, perhaps, a combination of both.

Up in North Carolina, Governor Glenn is facing today two important problems, with an evident determination to solve both of them. He is determined, on the one hand, to put a stop to lynching, and, on the other, to find out just how far the federal courts are to be permitted to go in the matter of annulling state laws.

North Carolina has a law which provides for the trial of lynchers in the adjoining county to that in which the crime is committed. This law has been upheld by the state supreme court, and under it several members of a mob who lynched a man charged with the murder of his brother-in-law are now on trial, with the prospect, if convicted, of twenty-year sentences in the penitentiary for manslaughter.

These trials are in progress at a special term of Union superior court, called at the direction of Governor Glenn for the purpose of prosecuting these cases, and from the evidence already disclosed there is prospect of a salutary termination. With a few more governors like him, bent upon the enforcement of the law and bringing to justice the perpetrators of such crimes, lynchings would soon become few and far between, in time disappearing altogether.

It is the non-enforcement of the law which makes crime frequent. A little vigor, energy and fearlessness in bringing this sort of offenders to justice cannot fail, in great measure, to weed them out.

No less to be commended is Governor Glenn's determination to find out just how far the federal courts are to be permitted to go in annulling state laws. Notwithstanding the injunction granted by United States Judge Pritchard, forbidding the enforcement of the 2-4-cent passenger rate law, Governor Glenn holds that the law must be enforced, and to that end he has ordered the arrest and indictment of certain agents and representatives of the railroads who have persisted in violating the law under the sanction of Judge Pritchard's order.

This action by Governor Glenn, ignoring the injunction and demanding the enforcement of the legislative enactment, brings on squarely the clear-cut issue as to the power of the federal courts in nullifying the laws of a sovereign state. The federal injunction has long been used as a sort of "big stick" to drive the states into line, with the result that many of their laws have been suspended or annulled for a time, without redress to the people.

It is refreshing to find a governor who is determined and fearless enough to oppose the sovereignty of the state to this often unwarranted federal interference.

The result will be twofold, for the people will, in the end, find out just what is the status and force of their legislative enactments, and federal judges will, in the future, perhaps, be a little more slow to grant sweeping injunctions holding in abeyance these laws for one or two years and often longer.

Governor Glenn's course in both of these matters will be widely commended. The ultimate outcome must be such as will establish upon a safer, stronger and surer basis the protection of society and the welfare of the people under their own constitution and statutes.

Hall County and Good Roads.

An interesting and instructive example of the value of good roads is found in the experience of Hall county, which is at present attracting attention, not only from several sections of Georgia, but also from Florida, as a result of the work that is being done towards bettering its public roads.

The county commissioners of St. Lucie county Florida, have just visited Gainesville for the purpose of inspecting the work done there and the methods employed, the result being that they have decided to put in a similar road-building plant. Delegations from Clarke and Pulaski counties, Georgia, are also scheduled to take a look at the road work now being done in Hall county, with a view to ascertaining whether it will suggest any advantageous improvements in their own methods.

It is evident that Hall county is not only getting a system of good roads which will prove of decided benefit to her entire population, but along with it the county is deriving some of the best advertising it ever fell to the lot of a county to enjoy.

Nobody appreciates good roads more than those who have to use them, whether for business or pleasure. Residents of Fulton and the adjoining counties who use the roads in and out of Atlanta are in as good a position, perhaps, as any one in the state to testify to the value and advantage of a good, hard road surface.

In driving along the roads leading into and out of Atlanta, there is no difficulty whatever in telling where the county line begins, because Fulton county's roads have been kept up to the standard, while those of adjoining counties have not.

If all of the counties of the state would take hold of the problem of good roads, and solve it to the best of their ability, it would be possible within comparatively a short time to have a chain of splendid highways extending from one end of the state to the other. It is only necessary for each county to take up the matter and in its road improvement work make connection with the roads of adjoining counties where improvement has already been made. This cooperative method would ultimately mean the extension of a system of valuable roads throughout the whole of Georgia.

The opportunity is almost present for the state to lend a hand, for after all, the question of good roads is largely a state problem. With the expiration of the present convict lease contracts, April 1, 1909, it will be possible to employ the state convicts in this work, and to dispense with the "blood money" system which has seen the last of its days of usefulness.

The present legislature must solve this problem. By putting the convicts on the roads it can not only satisfactorily solve the convict problem, but the good roads problem as well.

THE PASSING THROG.

By E. C. BRUFFEY.

A letter received in the city yesterday from the Editor of Atlanta, one of Atlanta's leading editors, who has been in Philadelphia attending the grand lodge of Elks, indicates that there were a number of surprises sprung upon the delegates in attendance.

"It was one of the largest gatherings we have ever had," writes Mr. Essig, "and, while the meetings have all been harmonious and pleasant, unforeseen events were transpiring from the very first."

It was the beginning of the new constitution, and the delegates had to make changes from the line were to have been expected. The forum, which is really a court, will prove a popular, as well as a valuable addition. Much to the surprise of many, the grand secretary and the grand treasurer found fights on their hands when the elections rolled around, but there was no bad feeling shown at any stage. Dallas, Texas, caught the convention for 1908 when a number of larger cities were playing for the distinction of entertaining the Elks next year.

The Georgia delegations are having a great time of it, every one of the Atlantans being in evidence wherever they go. Everyone is thoroughly pleased with the treatment we have been receiving here.

Congressman Adamson of the Fourth district was in the city yesterday a guest at the Kimball, and during the day met a number of his old Atlanta friends.

Senator A. O. Bacon of Macon was at the Piedmont yesterday and was given a warm welcome by many friends from various sections of the state.

C. Hartbridge of Savannah was in Atlanta yesterday and will be here two or three days.

Fred Beers, deputy clerk of the United States court, is now on his annual vacation, and is visiting friends at his boyhood home up in Connecticut. He will be away several weeks yet.

Minter Wimberly of Macon, city attorney, was among his friends in Atlanta yesterday.

W. E. Key and B. F. Cone of Jacksonville were among the arrivals at the Piedmont yesterday.

Clarence Bell, well known among Atlanta lawyers, has gone to New York city, where he will pass the next ten days or two weeks. Before returning to Atlanta Mr. Bell will take in the Jamestown exposition.

Albert Mates, one of Atlanta's most widely-known traveling men, came in yesterday from a trip of three weeks in Alabama and parts of Tennessee.

Covington, Ga., July 17.—(Special.)—With a series of doctrinal sermons, the Baptist revival which has been in progress here three weeks under the direction of Rev. FELDER AUTOMOBILE BILL BEFORE THE SENATE TODAY

THE bill by Senator Felder to regulate the use of automobiles upon the public roads, highways and streets of this state, will be the special order for the senate this morning.

There will probably be some opposition to the bill in its present form, as Senator Akin and others desire that a more stringent measure be passed by the general assembly.

Considerable dissatisfaction has been occasioned by various ones who own machines traveling at an unreasonable rate of speed over the country highways. The bill of Senator Felder which follows in full, is intended to meet the conditions and regulate the unreasonable rate of speed.

A bill to be entitled an act to regulate and control the driving or running of automobiles and like vehicles on the public roads and highways of the county of this state, to provide a penalty for the violation of this act, and for other purposes.

Section 1. Be it enacted by the general assembly of the state of Georgia, that it be and it shall be the duty of every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 2 of this act, to drive or run the same at a rate of speed not greater than one mile in five minutes.

Section 2. Be it further enacted, that no person shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes.

Section 3. Be it further enacted, that no person shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes.

Section 4. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 5. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 6. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 7. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 8. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 9. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 10. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 11. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 12. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 13. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 14. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 15. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 16. Be it further enacted, that every person who shall drive or run an automobile upon any public road or highway in any county of this state, except as provided in section 1 of this act, at a greater rate of speed than one mile in three minutes, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than fifty dollars, and shall also be liable to pay the costs of the prosecution.

Section 17. HOUSE COMMITTEES ACT ON IMPORTANT MEASURES

A LARGE delegation of negroes from Atlanta, Augusta and New York city appeared at the capitol yesterday afternoon at 5 o'clock to attend the meeting of the committee on constitutional amendments, called for that hour by Chairman Perry.

At half after five the chairman had not arrived, and only the author of the disfranchisement measure, Mr. Williams, of Laurens, and Mr. Foster, of Cobb, were present, so they declared an adjournment until Friday morning at 9 o'clock, when the bill will be taken up for discussion.

It is proposed to hear from those affected by and opposed to the measure before any vote is taken upon it.

As the committee made the announcement of postponement there was a noticeable air of regret that the hearing was not held as scheduled. Those who were present and would doubtless have made speeches were: Judson W. Lyons, of Augusta, former registrar of the United States treasury; Rev. H. H. Proctor, pastor of the Colored Congregational church; H. A. Rucker, collector of internal revenue; W. A. A. Hinton, international secretary of the colored Y. M. C. A., of New York city; R. T. Wetherby, secretary of the local Y. M. C. A.; D. J. Jordan, professor J. H. Towns, Smith Easley, H. E. Perry, A. Nash, A. F. Herndon, professor J. W. Gilbert, of Augusta, and Rev. L. H. King.

This committee will appear before the committee Friday morning.

Reform in Marriages and Divorces.—A bill which will cause, when enacted into a law, all persons desiring to unite in marriage to be furnished with a certificate as to their physical and mental qualifications to undertake the duties of this high and holy office, will, in all probability, be introduced in the house within a few days.

This idea was first brought to light when the committee on special judiciary was in session yesterday afternoon for the purpose of considering the bill by Mr. Flanders, of Johnson, which seeks to limit the grounds for total divorce in Georgia to three causes: With in the bonds of consanguinity, in inebriation at the time of marriage, and adultery. This bill was being argued when Mr. Dean, of Floyd, arose and said: "I favor throwing around the marriage altar this important arm of the law. Only this morning I introduced in the house a resolution calling for a report from the blind asylum, the deaf and dumb institute and the state sanitarium showing the number of inmates I reach with a brief bit of family history in order to see how much could be attributable to marriage between parties who for physical or mental reasons should not have been married."

"I have been thinking of limiting those who have a right to get married, and I will go further than most men who are thinking on this subject by saying that I favor a certificate of physical and mental health for both parties before allowing marriage."

"If this legislature is ready for this important subject at this time a measure dealing with this important topic will not be long in forthcoming."

"We should go slow about all laws relating to marriage and divorce, and I favor leaving this divorce bill to a subcommittee."

Chairman Blackburn appointed Messrs. Dean, of Floyd, Flanders, of Johnson, and Hill, of Monroe, on this committee. This got the committee started on the subject of marriage laws, and strong talks favoring the certificate plan were heard.

The committee to which nearly half of the bills introduced this session have been referred, held a meeting yesterday afternoon and before adjourning reported favorably on the three bills by Mr. Tift, of Dougherty, in regard to the railroad men of the state.

The first of these resolves electric headlights on all roads in the state when used on the main line. The second punishes as for a misdemeanor any one connected with the operation of a train or engine who is found intoxicated, and the third prescribes that no person shall operate an engine who has not had three years' experience as a fireman or engineer and one year in the shops, or has served four years as an apprentice.

Against New Labor Law.—Yesterday afternoon, in the hall of the senate, a joint meeting of the senate committee on immigration and labor, and the house committee on labor and labor statistics, was held with Hon. Madison Bell presiding. The meeting was held primarily for the purpose of listening to the arguments of the manufacturers, who oppose the passage of any new bills relative to child labor or regulating further the manufacturing enterprise.

Several labor bills introduced before the general assembly by Hon. Madison Bell, Hon. McCarthy of Chatham, Hon. H. H. Perry of Hall, Hon. W. A. Carrington of Moultrie, and Senator Knight, were read for the consideration of the committee.

Speeches were made by Hal S. Johnson of Palmetto, G. Gunby Jordan of Columbus, Rev. R. T. Jones of Canton, Ga., and others, opposing any proposed legislation in reference to the mill problem at this time, begging that the bills be postponed until a later time, so as to give the mill owners a chance.

After the speech of Mr. Jordan, Mr. Bell said that out of difference to the

HOLIDAY TODAY FOR THE HOUSE

Representatives Will Go to Clarksville.

DODGED AFTERNOON SESSION

Prohibition Bill Reported—Some Days Will Elapse Before Final Action.—The Candler Bill for Licensing Accountants Passed by Large Majority.

The house of representatives is not in session today nor will it be until Friday morning at 10 o'clock.

This was decided upon yesterday prior to the adjournment for the day by a series of motions which followed one another so rapidly that the proceeding resembled a game of cards and at last the house found itself "euchred" out of today's session.

Last week the house moved to adjourn today and go to Clarksville to attend the laying of the cornerstone for the ninth congressional district agricultural college. On Saturday this action was reconsidered and the house agreed to remain in session today and not to take any more holidays.

Tuesday Mr. Holder, of Jackson, got through a resolution fixing the order of business for Thursday so as to include only the reading of local house bills for the first and second times and general bills with a local application and local bills for a third time. This shut off any general measure from coming up—notably the prohibition bill.

Afternoon Session Proposed.—Yesterday Mr. Wright, of Floyd, stirred up the house by proposing an afternoon session "of fifteen minutes so as to get through these local measures set for Thursday and take holiday tomorrow, so we can go to Clarksville to the cornerstone laying if we want to."

The afternoon session idea did not meet with favor, but the holiday idea did. Mr. Nix, of Gwinnett, moved that the session be extended fifteen minutes to care for the program set for Thursday. This motion was carried.

Mr. Wise, of Fayette, then moved that when the house adjourn it adjourn to meet Friday morning at 10 o'clock. This motion prevailed, too. Then Mr. Price, of Oconee, moved "that this house do now adjourn," and it did.

In this way the house got out of an extended session, an afternoon session and today's session by a series of motions.

The fact that Dean Soule had been invited to address the general assembly at 8 o'clock tonight when the University of Georgia trustees would be present did not deter the "holiday spirit."

When it was recalled that the representatives of the eleemosynary institutions of the state would be present to appear before the committee on appropriations, by request, to voice their needs, this afternoon, did not deter them.

When it had been pointed out that a third of the session had passed and no laws enacted, this did not deter them. The house wanted a holiday in which to catch its wind to be used in the prohibition bill fight coming.

Leave on Special Train.—This morning at 7 o'clock the members of the house will leave on special train for Clarksville, arriving there at 10:30 o'clock. This train will be under the chaperonage of Mr. Holder, of Jackson, who engineered the "holiday" through the house, though not an active participant.

At 1 o'clock the house will be a number of speeches made and the cornerstone of the college laid.

This will be followed by a barbecue prepared by the citizens of Habersham county.

This afternoon at 4:30 o'clock the legislators will attend another special train and go to Tallulah Falls, where the party will spend the afternoon and night, leaving there early Friday morning and arriving in Atlanta Friday morning at 9 o'clock.

Another barbecue invitation was accepted yesterday. It was the annual one given to the members of the house, the clerical force, the press and the house, and other attaches by Speaker Slaton. This affair will take place at the Cold Spring Cove grounds Tuesday afternoon at 2 o'clock. Special cars will transport the solons from the capitol to the grounds.

This invitation was accepted by a rising vote of thanks while Mr. Boyd, of Spalding, was presiding gracefully. The manner in which he wielded the gavel and dispatched the house business showed that he was in rare form and is a possibility for that honor permanently.

Status of Prohibition Bill.—Following a favorable report of the temperance committee upon the Hardman-Covington-Neel prohibition bill great interest centered about that measure as to when it will come up for passage. By operation of the house rules it can not be read for a second time until Friday morning and this will probably bring it up for a third reading and beginning of the discussion which is to follow on Wednesday, unless taken up before by unanimous consent. It is hardly expected that a vote will be had on it until week after next unless all debate on the measure is cut off like it was in the senate.

The only bill of general interest passed in the house was that of Mr. Candler, of DeKalb, which provides for the regulation of the public accountants of the state and the creation of a state board of examiners to pass upon all applications and conduct examinations before issuing such permits.

Under the terms of the bill, which passed by a vote of 108 to 12 it was provided that the governor should appoint this examining board to be composed of two expert accountants and a lawyer.

The trio is to pass upon all applicants, issue certificates and invest them with the right to sign certified public accountants after their names. These applicants must pay a fee of \$25 for this examination and license. All others who do not do so and who sign C. P. A. after their names are liable to a fine of \$500. The examinations are to be held in Atlanta each May and November and full notice as to the time

SOME REFORMS NEEDED IN THE CITY COUNCIL

By GORDON NOEL HURTEL.

FOR nearly half a century the city council of Atlanta has run along in the same old groove, which was first made when the city was a small town. There has been one innovation, and that is said to be in violation of the law.

The members of council are so busy that they have never taken the time to pause for a consideration of some very much needed reforms.

In the first place the council has a way of railroadizing through ordinances that affect the people's lives, liberty and property. Very often these ordinances are rushed through with such haste and with such an utter want of proper advertising that even members of the council are not aware that such laws have been passed. It is said there are ordinances that have been passed and filed away of which the officers of the law have no cognizance and which have never been enforced. Now and then when an ordinance is being read a member of council will wake up and ask what it is all about.

The law requires that an ordinance shall be read twice and that before it is put on its second reading the roll must be called and each councilman vote viva voce. This would appear to be a good safeguard, but any one attending meetings of council will ascertain that this rule is often carried out as a mere matter of form.

All Talk as They Please.—There is an ordinance which says no member of council shall speak more than once on any one matter under consideration, and yet there is scarcely ever a meeting of council at which councilmen do not speak a number of times on the same question. In fact, the law is utterly ignored and members speak just as often and as long as they please.

An old custom of inviting outsiders to address council is still in vogue, and Atlanta is probably the only city of its size in the country which adheres to such an antiquated practice. It is the rule in all up-to-date legislative bodies to

refer important papers to committees and persons who wish to be heard must appear before the committees and make their statements. Upon the report of the committees council acts and when the matter is under consideration only members discuss it. How would it look if citizens were invited indiscriminately to address the legislature while it was in session? As the council now acts on this matter, people appear first before the committees, and then if the report is not to their liking they appear again before council. When the saloon investigation was under way last fall whisky dealers, with their lawyers, appeared before the special committee and consumed days in talking with the committee. When council acted on the committee's report these dealers, with their lawyers, made their talks all over again.

Yet council jogs along in this same old rut, no one caring to take the initiative or bring about a much needed reform.

Are Caucuses Lawful?—Of recent years the city council has been holding caucuses. This is the one innovation that has been made and which is not believed to be strictly lawful. The city ordinances require that all elections of officers shall be in a public way and by a viva voce vote. Yet caucuses are held and a secret vote is taken. When the public election comes off, the slate has all been fixed, and while a viva voce vote is taken, the spirit of the law has been violated.

One of the most stringent city laws and one which is believed to be wise, is the ordinance which prohibits any member of council from succeeding himself. This law was made to remove the temptation to a councilman to act officially so as to keep himself in line for reelection. Yet a councilman is allowed to run for alderman, and an alderman is allowed to run for council, so that in a measure the law of non-succession is almost nugatory.

All of these matters have suggested the advisability of the mayor and general council appointing a committee to draw up a report on necessary changes in the conduct of the council.

WORK OF JUDGES BADLY DIVIDED

Fifteen Could Do Work of Twenty-Five, Says Akin.

That fifteen judges could do the work now performed by the twenty-five jurists who adorn the superior court bench of Georgia, were the districts so judicially up as to properly divide the different business of the state among the different judges, was the statement made on the floor of the senate yesterday by President Akin, who has himself been a judge.

Judge Akin, while discussing the bill to provide another judge for the Fulton superior court, spoke of the present arrangement by which some judges are required to work practically the full year, while others can scarcely find four months' work. Still they are paid the same salary, and the bill now before the general assembly to raise this salary to five thousand per year contemplates no provision for a redistribution of the state.

Judge Akin declared that such a work should be undertaken, and that the man who would draw a bill equally dividing the counties according to the amount of litigation which comes up in them would render himself worthy of the gratitude of the senate. The Atlanta bill was made a special order for Friday.

The disfranchisement bill of Senator Felder was made a special order for Tuesday. The message of Governor Smith, urging a change in the method of taxing railroads, was read.

To Examine Convict Camps.—The resolution by Senator Brock to appoint a committee to examine the convict camps and make a report at the next session of the general assembly was adopted.

The bill providing for the election of a new judge for Fulton county was set for an especial order on Friday morning, and 100 copies of the bill were ordered printed.

Two resolutions were introduced, one by Senator Weaver and the other by Senator Brock, in reference to the Ducktown situation, but neither were acted upon. Attorney General Hart will probably be given authority to proceed according to his judgment in the matter.

Several committees of the senate made reports. The bill providing for a representative from Ben Hill county was favorably reported by the committee on constitutional amendments.

The committee on pensions also recommended that the bill to pay pensions to Confederate soldiers quarterly do pass.

The resolution providing for the investigation of the conditions at Ducktown by a committee was unfavorably reported by the committee.

The only senate bill passed was that by Senator Camp, to amend the charter of Mount Airy.

PROHIBITION SUCCESS IN ALABAMA.

Montgomery, Ala., July 17.—By an overwhelming vote, the senate passed the bill to prevent the shipping of whisky into prohibition territory, and the house favored a bill to force saloons to close at 7, 8 and 9 o'clock, according to the size of the town. Bills to prevent freight trains on Sunday failed in both houses.

NEGROES SHOT UP THE TRAIN.

They Killed One Man and Mortally Wounded Another.

Cherryvale, Kan., July 17.—O. J. Brown, the harvest hand who was shot and killed here early yesterday by one of two robbers who had held them up on a freight train, was from Poplar Bluff, Mo., and was 23 years of age. Otis Taylor, the other harvest hand, who is believed to be fatally wounded, is 22 and came from Posey, Ill. Taylor was taken to Independence, where an operation will be performed in an effort to save his life. The robbers believed to be negroes, are still at large.

Hughes Will Probe New York Penn.

New York, July 17.—Searching investigation of all the penal institutions of the state is to be made by Governor Hughes. Starting revelations are predicted. Convicts, it is said, have made many charges, and these are said to be responsible for the governor's contemplated action. Sing-Sing prison is understood to be the first of the penal institutions to be probed.

Bridge Luncheon.

Miss Margaret Lewis will entertain at bridge luncheon today in compliment to Miss Mildred Spratt and her guest, Miss Katherine Gordon, of Columbus.

To Miss Morris.

Miss Julia Morris, of Tallapoosa, N. C., who is visiting Miss Minnie Simmons, was given a box party at the Grand Tuesday night, the party including Miss Morris, Miss Simmons, Miss Ida Picard, Miss Pauline Dittler, Messrs. Joseph Abrams, Henry Simmons, Leo Cohen and Irving Morris.

For Miss Welling.

Mrs. Jeff Dobbs entertained at a box party at the Grand yesterday in compliment to Miss Dorothy Breitenbacher, and her guest, Miss Lulline Welling, of South Carolina. The guests were: Miss Dorothy Breitenbacher, Miss Lulline Welling, Miss Ethelene Dobbie, Miss Georgia Still, Mrs. Emily Breitenbacher, Mrs. Jeff Dobbs.

Gifford-Gillham.

Miss Annie Elizabeth Gifford and Mr. Walter Lee Gillham were quietly married Tuesday evening at the St. John's M. E. parsonage, Rev. H. C. Christian officiating. The bride is an unusually pretty girl and is the only daughter of Mrs. D. V. Gifford. Mr. Gillham, formerly of Jacksonville, Fla., is a popular young business man and holds a responsible position with the Southern Photo-Material Co. They are at home to friends at 118 Broyles street.

Nephew-Hampton.

Miss Leonora Louise Hampton and Mr. John Nephew were married Tuesday morning at 10:30 o'clock, at the residence of Dr. and Mrs. B. E. Pearce, No. 342 Edgewood avenue. It was a pretty home wedding with only the intimate friends of the bride and groom present. Rev. J. H. Mashburn, of Elberton, performed the ceremony. The only attendants were Miss Rose Hubner, maid of honor, and Dr. R. T. Allen, best man. The bride wore a becoming traveling suit of brown velvet with hat to match and carried white carnations. The maid of honor wore a white lingerie gown and carried pink carnations. After the ceremony the bride and groom left for an extended trip to Jamestown, New York, Niagara, Toronto, and other points of interest. On their return, Mr. and Mrs. Nephew will be at home to their friends at No. 342 Edgewood avenue.

To Mrs. Lester.

Mrs. Ovid Stewart will entertain informally at bridge this afternoon in compliment to Mrs. Frank Lester, the guest of Mrs. Marshall Eckford.

To Miss West.

Misses Laura and Annie Featherstone's party Tuesday afternoon was a pretty affair. Miss Thelma West, of Lynchburg, Va., a pleasant feature of the afternoon was a Buster Brown contest. The prize, a fan, was won by Miss Ruth Chapman. During the afternoon delicious refreshments were served, and the color scheme of pink and white was successfully carried out. Invited to meet Miss West were Misses Hazel Wood, Ella Lee Cobb, Marguerite Stanfash, Frieda and Winifred Ashe, Ruth Clardy, Annie Chalk, Miriam and Isabelle Perkins, Mae Mooney, Fannie Wilkins, Frances Anderson, Frances and Mary Knight, Maude Haynes, Marie Cobb, Carrie and Aline Thornton, Charlotte Pace, Jane Zachary, Ruby Hughes, Minnie Walcott, Floy Edwards, Mable Rach, Marie Wright, Van Jernigan, Ruth Chapman, Gertrude Jenkins.

Little Lord Fauntleroy.

Large audiences will doubt greet Little Lord Fauntleroy, one of the best known Atlanta people, who are to present that beautiful play "Little Lord Fauntleroy" at the Bijou Friday afternoon and evening. Her rendition of child parts during her engagement here last winter elicited from all who saw her words of great commendation. Her interpretation of the character of "the little lord" is remarkable for a child so young, and all availing themselves of the opportunity to see her in this production will not only witness a finished performance but will be assisting in a financial way this very clever and worthy little girl to whom the entire proceeds of the play will be given.

The following well known Atlanta people will appear in the play: Miss June MacEachron, Mrs. Vance Hunter, Miss Hattie Hunter, George McDaniell, R. N. Stillman, Cardie Campbell, C. E. Dooley, Frank Pearson, stage director.

Meetings.

The Juliet Nix W. C. T. U. will meet in a devotional service Thursday, 8 o'clock p. m., at No. 19 E. Mitchell street. Members are urged to bring friends and donations. All members of the Old Atlanta Woman's Christian Temperance Union are urged to attend the meeting to be held today (Thursday), at 3 p. m. in the Barco library, the Baptist Tabernacle. LAMANA CASE READY FOR JURY

Defense Has Started Upon Its
Rebuttal Evidence.

CASE TO GO TO JURY TODAY

Mrs. Campisciano Not Directly Connected With Lamana Case by the Prosecution—The Gebba Household Was Meeting Place for Kidnapers.

Hahnville, La., July 17.—That Mrs. Campisciano, one of the women accused of the Lamana boy's murder, will probably not receive an extreme sentence became evident today when the prosecution closed its case after less than two days of evidence taking, without having directly connected the woman with the crime. Of the other three prisoners, the woman's husband and Gendusa, go-between for the ransom money, have had strong circumstantial evidence given against them. Of the remaining prisoner, Tony Costa, it has only been testified that he kidnaped the child in New Orleans and gave his wagon to the gang which carried the little fellow away and later strangled him.

Defense Starts Rebuttal.

The defense started its rebuttal today, and it appears likely that the jury will receive the case some time tomorrow. Record time has been made. Three of the defendants, including Campisciano, will be placed on the witness stand.

In the final bringing together of the threads of its evidence, the prosecution showed that the Gebba household, two of whose members stand charged with the murder and who are to be tried next week, was the meeting place for the kidnapers while the plot was forming. From the testimony about these meetings in New Orleans, damaging evidence was given against the four Italians who committed the murder.

Witnesses again today testified that Mrs. Campisciano had persuaded a would-be rescue party from going to

There are 51 acres in the grounds and campus. \$25,000 invested in musical instruments (Conover Pianos). Accommodations for 400 boarders; steam heat, electric lights. Physical training and out-door exercise required. Elective courses in junior and senior classes lead to degrees. Faculty consists of twenty-nine specialists trained in the best universities of Europe and America. The curriculum in each department has been carefully correlated and advanced to include a thorough comprehension of the subjects taught.

Courses of study are given in the following subjects: Music, Theory, Harmony and practice; Oratory and Physical Culture; Art—in charcoal, painting in water and oils; Business—

bookkeeping, stenography, typewriting and telegraphy; Normal—theory and practice; Domestic Science—cooking and sewing. Full Literary Courses, leading to A. B. or B. S.

degree, so arranged as to provide time for at least one extra course in one of the other departments. There is nothing cheap about the Institution or its life except the

charges. The aim of the Trustees has been to bring the cost of education to include an amount just sufficient large to cover the actual running expenses.

Bessie Tift College lays strong emphasis upon real culture and scholarly training. While we do not neglect the ornamental, we do wish to emphasize the practical and the real.

The next session will begin the 10th of Sept.

THEATERS.

"Jane Eyre" Next Week.

"Jane Eyre," that delightful love story which has been read by millions in book form and which has delighted thousands since it has been dramatized, will be the offering of the Fawcett Stock Company at the Grand theater next week, with the usual matinees.

This story is as sweet as it is simple, and points out the way of a love that comes on unconsciously until some great tragedy or near tragedy brings it full-grown into evidence.

The story told in the book and play is almost identical, and none of the softer or sweeter lights is lost by the translation.

Miss Wheatley is cast for the title role of this play and is sure to make a hit. Brandon Hurst, George Schrader, Allen Fawcett, DeWitt Jennings, Frank Craven, Phyllis Sherwood, Ethel Conroy, Grace Sherwood and others will be congenially cast.

"Camille" a Great Success.

If tears are an evidence of sincerity, "Camille" has scored a triumph of dramatic art, as presented by the Fawcett Stock Company at the Grand, for on Wednesday afternoon at the matinee "it is doubtful if there was a dry eye in the house."

The matinee girls and matrons were there in great number, and their applause took rather a lachrymal than a demonstrative manner. It

was approved and applauded, in this way, by these critical critics, and it stood the test, as any who saw it will tell you. Regan Hugston, as Armand DuVal, has a part that pleases him well and gives him a broader opportunity than ever to display his emotional nature, which he does to a great advantage. Miss Wheatley said in the Sunday Constitution that "Camille" was her favorite role, and she demonstrated her right to make this remark by her excellent work in the production. DeWitt Jennings is scoring a triumph in his part as is George Schrader, as the elder DuVal. Ethel Conroy, Frank Craven, Phyllis Sherwood, Miss Sherwood and all of the favorites are making hits in their roles.

Pastime Theater.

Another bill of clever vaudeville acts to surpass the one now being offered at the Pastime theater, on Peachtree street, has never been seen in the city for the money. There is something doing every minute of the performance, and one laugh is not over before the next is begun. It begins with those rollicking dancers, La Conda and La Clear, whose singing and dialogues make this act a top-liner. The famous Keno troupe of barrel jumpers and comedy acrobats push them a close second for premier honors. Earl Higley, in his side-splitting sketch, "The Silly Boy," is setting 'em crazy. Miss Buchanan, in buck and wing dancing, and Miss Steinborn, in illustrated songs, brings the big bill to a happy close.

At the Casino.

Clarke, Bergeman and Mahoney, the dancing feature at Ponce de Leon Ca-

sino this week, serve to introduce in Atlanta an act that has created a great deal of comment throughout the vaudeville circuit. While the songs are not altogether new, they are rendered in a most pleasing manner, and the dances are of a sort that please theater-goers here. Fungo and Leo, in their novelty aerial acrobatic stunt, serve as quite a pleasing feature of the bill, and the moving pictures are undoubtedly the best that have been seen in a local theater. This vaudeville bill represents the average make-up of comedy bills. Every number came direct from New York to Atlanta with the endorsement that suggested a great big success, and while it is true that almost any individual number would be acceptable on some other bill, it is a fact that there is just a trifle too much conflict. However, the attendance is good, and that is a practical demonstration that Atlanta wants vaudeville. There will be the usual performances throughout the week, including matinees on Thursday and Saturday.

FISHING QUESTION IS ACUTE.

State Department Is Seeking to Establish Modus Vivendi.

Washington, July 17.—The approach of the 1st of August, marking the beginning of the new herring fishing season on the coast of Newfoundland, is a matter of great concern to the state department, for it finds the fisheries controversy between America and Great Britain in a most confused and unsatisfactory shape. The modus vivendi entered into last year, by the terms of which, and greatly against the wish of the Newfoundlanders, American fishermen were permitted to ply their vocation unmolested off the shores of that island, expired with the close of the fishing season.

Indications are that it will be difficult to reach any kind of a permanent settlement of the situation, and the whole effect of the negotiations is apparently concentrated for the moment on the drafting of some form of modus vivendi to guard against the development of friction on the fishing shores that might in the end have serious results.

UNSIGNED LETTER STIRS WOMEN.

Roman Catholic Women in Hot Controversy at Springfield.

Springfield, Mass., July 17.—Feeling between the delegates supporting Mrs. Elizabeth McGowan of Buffalo for reelection and those seeking the election of Mrs. Mary B. Costelloe of Brooklyn to the presidency came to the surface in this morning's session of the Ladies' Roman Catholic Benevolent Association here today.

Following the welcoming of delegates, Bishop B. J. McQuaid, supreme spiritual adviser of the association, denounced in strong terms the author of an anonymous letter circulated several days before the convention accusing the supreme president and other officers of the organization with mismanagement of funds. He intimated that Mrs. Costelloe knew of the authorship. The Brooklyn woman's friends asked for a hearing. Mrs. Maria Quinn of Newark, N. J., made a spirited defense of Mrs. Costelloe, and after a time Mrs. Costelloe was given the platform, and for twenty minutes defended herself against the charges that had been made. She denied having written the anonymous letter, and, in reply to the charge that she had ignored a communication to her on the subject, she declared that she had not received it.

PAY WOMEN SAME WAGES AS MEN.

This Is Urged by the Convention of Railroad Clerks.

St. Joseph, Mo., July 17.—The election of officers was announced today at the thirteenth biennial convention of the railroad clerks in this city. They include: President, H. J. Conway, Chicago; secretary-treasurer, Max Morris, Denver, Colo.; third vice president, Will F. Hauck, Columbus, O.; sixth vice president, J. C. Thompson, Mobile, Ala. Denver and Louisville are leading candidates for the next international meeting. The delegates are formulating a minimum wage schedule, which each local union will be required to enforce. Resolutions were adopted declaring that women clerks should be paid the same wages as male clerks where they do the same work. The convention also declared for an eight-hour day. President Conway, in a speech to the convention, denounced department stores as a curse to humanity.

NO CAUCUS WAS HELD LAST NIGHT

Prohibitionists Decided to Call
It Off at Late
Hour.

There was no caucus of the prohibitionists held last night. At the last moment it was decided to call it off in view of the fact that the Hardman bill does not come up until next week; and many of the members of the general assembly go to Clarksville or their homes today. A caucus will doubtless be held next Monday.

DOCTORS FORM ORGANIZATION.

Physicians of Fourteenth Senatorial District Meet at Americus.

Americus, Ga., July 17.—(Special.)—Physicians of the Fourteenth senatorial district assembled in their first annual convention in Americus today for the purpose of originating a district association. Fifty physicians were in attendance, and many subjects of interest and importance were discussed. Dr. Richmond Statham, of Americus, was elected president of the newly-organized association; Dr. T. J. McArthur, of Cordele, vice president, and Dr. R. A. Stovall, of Vienna, secretary.

The greatest interest was manifested among the medical men in the success of the organization seems assured. The visitors were regaled with a barbecue at Prospect Park this afternoon.

"BLACK PATTI'S" HUSBAND SHOT.

Wounded Negro Claims to Be Husband of Negro Soprano.

Norfolk, Va., July 17.—Richard Jones, a negro claiming to be the husband of Serra Jones, the noted negro soprano, known as "Black Patti," was probably fatally shot in a suburb of Portsmouth, Va., today by two unknown negro men, who made their escape. Jones said he went to Portsmouth with the two men from Norfolk, and that when they attacked him for unknown reasons he ran and then was shot. He asked that in the event of his death "Hon. Charles Anderson," collector of internal revenue of the port of New York, be notified, and the latter, Jones said, would take charge of his body.

COTTON

July Net Unchanged and Near Months Up 15 Points.

Market Opened Steady—Reports of Favorable Weather in the South Afterwards Caused Loss of Few Points, but Toward Close Became Firmer.

New York, July 17.—The cotton market was more active and showed continued firmness, taking the day as a whole, with the close firm, net unchanged on July 15 and 19 points net higher on other months. The sales for the day were estimated at 300,000. The opening was steady at an advance of 4 points on near months, which were influenced by higher cables than expected, to a decline of 123 points on later positions. Afterwards the general list eased off after realizing, and scattering pressure was encouraged by continued favorable weather in the south, but after showing a net loss of about 56 points, the market was rallied by buying by southwestern bull interests. Toward the close the market became firmer and more active on a more general demand, with last price only a point or two off from the best. The advance followed a circular from the New York leader, quoting a bearing opinion of the crop by a prominent southern grower, which was taken to indicate that leading buyers were becoming uneasy and wanted to cover. Some of the local professionals have been buying on spot all the week, and any indication that the leading buyers trying to reduce their lines seems to attract a considerable amount of the bull movement. Private crop news was more or less conflicting, and some very bullish reports were being received from Texas. Southern spot markets are unchanged to 1-80 higher.

New Orleans Cotton Market.
New Orleans, July 17.—Cotton spots closed steady at an advance of 1-80 on all grades; middling 13; sales on 175 bales. The market was active and showed continued firmness, taking the day as a whole, with the close firm, net unchanged on July 15 and 19 points net higher on other months. The sales for the day were estimated at 300,000. The opening was steady at an advance of 4 points on near months, which were influenced by higher cables than expected, to a decline of 123 points on later positions. MILLER RAISES BIG MELONS

What Can Be Done by Live
Truck Farmers.

Hon. J. R. Miller, of Statesboro, Bulloch county, one of the most successful farmers in his section of the state, spent yesterday in the city. Mr. Miller brought with him three carloads of exceptionally fine rattlesnake watermelons. Three of the melons, each weighing 50

Who Has Made Big Success of
Melon-Growing.

rounds, Mr. Miller presented to The Constitution. Mr. Miller has 100 acres planted in melons. Besides this, he has four acres planted in cucumbers, from which he picked 850 crates. He put up 600 gallons of cucumber pickles and plowed in 100 bushels of them. From 3 acres of tomatoes he picked sufficient to put up 3,000 jars of tomato catsup. Mr. Miller is a trustee of the agricultural college of his district. Work on the college buildings is now being rushed forward to rapid completion, and they will be ready by January 1. The contract price of the buildings is \$125,000, more than that of any other in similar institution in the state. The college has 300 acres of land, which is now being drained. The college will accommodate 300 students. Mr. Miller will bring a splendid display to the next state fair, not to be entered in competition, but simply to show what can be raised in that section of the state.

NEW RAILROAD GIVEN CHARTER

Gulf Line to Operate from
Hawkinsville Through to
Gulf Coast.

The Gulf Line Railway Company was granted a charter yesterday by Secretary of State Philip Cook. This is really a renewal and extension of the charter of the Flint River and Gulf railroad, now in operation from Hawkinsville through several of the counties named in the petition.

It is proposed to operate the Gulf Line railway through the counties of Pulaski, Wilcox, Turner, Worth, Mitchell, Grady and Decatur to a point on the Florida line in Decatur, thence through Florida to the Gulf coast. The length of the line in Georgia will be about 130 miles, and the capital stock of the company will be \$400,000. The incorporators of the company are C. A. Alford, J. S. Westberry, C. H. Hillhouse, R. H. Finson of Sylvester, T. R. Bennett and W. N. Spence of Camilla, Morgan Tompkins, J. J. Whitefield, T. B. Ragan, T. E. Lovejoy, W. C. Lovejoy, Henry E. Rhodes and T. H. Bridges of Hawkinsville, and James H. Taylor of Macon.

C. A. Alford, one of the incorporators, stated he did not know just when the proposed extension of the line through Georgia and Florida to the Gulf coast would be made, as railroad building is in abeyance just now because of the large amount of anti-railroad agitation.

Daniel Water For the Stomach

Daniel Mineral Water acts gently upon the Liver, keeps the digestion healthy, and thus lessens the danger of malarial and other fevers. The mineral ingredients it contains keep the Stomach toned up and the Kidneys flushed, thereby safely overcoming or entirely avoiding the diseases peculiar to the sickly summer season.

For Indigestion, Dyspepsia, Constipation, and all Stomach, Bladder or Intestinal troubles, Daniel Water is far superior to any on the market. It is an alkaline—not a salt or sulphur water. Is pleasant, palatable and light, and its good effects upon the general health are noticeable from the beginning of its use.

If you are in doubt about the water you are drinking and want an absolutely pure spring water, order a case of Daniel Water and avoid all danger of taking into your system the germs of Typhoid and other dangerous fevers.

TIME GROWS SHORT PIANOS GOING FAST WESTER'S BIG SALE

Interest is Unabated in This Great Club Sale of Fine
Pianos on Account of Closing Branch Houses.
Many Buyers are Daily Taking Advantage of the Wonderful Offerings.

\$10 CASH SENDS ONE HOME

And You Can Pay For it on Any Reasonable Kind of Terms—Everybody Need
ing an Instrument Should Patronize This Sale—Saturday Next
is the Last Day of This Sale.

OPEN UNTIL 10 P. M. 64 PEACHTREE

At no time during the progress of this sale has such interest and enthusiasm as has been displayed during the last few days.

Wise, shrewd buyers realize that this indeed is a piano opportunity, one not to be lightly passed by, and one that may never come again, and are taking advantage of it while they may. Saturday next is the last day of the sale, and it may not be safe for you to put the matter off until the last, judging by the way pianos went yesterday.

If you have been putting off buying a piano because of the cost, come in and see how little an excellent piano will cost you at this time, and how easy the terms of payment will be made for you. Come to the sale.

Bring \$10 with you and see the wonders it will perform. It will send one of the world's very best pianos to your home. At a saving to you of not less than \$150 to \$200. And you can pay for it on terms to please your pocketbook.

Excellent pianos at \$89. Others at \$90, \$110 and \$120. Terms \$10 cash, \$5 per month.

Above are slightly used pianos, but are in fine condition and musically perfect.

Five new \$275 uprights, mahogany and walnut cases, worth every dollar of the regular price, to close at \$137.

The best of \$300 uprights, English oak and mahogany cases, latest styles, are being fairly slaughtered at \$153.

Several \$325 uprights, Colonial designs, latest styles, choice of several makes, your choice at only \$168.

Do you want a Kranich & Bach? Or a Kimball? Or an A. B. Chase, Ivers & Pond, Emerson, McPhail, Kurtzman, Hoffman or Strohman?

Here is your opportunity to secure one of these high grade makes at the cost of the cheaper grade.

Your choice of \$350, \$375 and \$400 uprights, five different makes, latest styles and finishes, at only \$187, \$208, \$216 to \$236.

The terms that we are making is one of the great features of this sale. \$10 cash and \$6 per month buys many of these pianos.

High grade uprights, choice of five different makes, very latest designs, beautiful mahogany, walnut, French walnut and English oak veneers, worth \$425, \$450 to \$500, to close at \$253, \$276 to \$298.

How About Your Children? Where is the affectionate father, who, after his hard day's toil, does not long for the sweet strains of music to cheer his spirits and brighten his life?

Where is the tender, loving mother, watching her dear boy or girl budding into maturity, that does not crave to see them accomplished, on a par with their neighbors? Yes, and in advance of her neighbors, and thoroughly equipped to form ahead in these days of strenuous competition?

Dear reader, opportunity is knocking at your door. Don't deny that which your children should have—a musical education.

Perhaps you agree with us that you ought to have a piano, or at least a good organ, and you thought you could not afford it. You could scarcely offer that excuse now.

Great Bargains—Square Pianos. We have only four left. They are all in best playing condition, and will do the children for practice purposes for a long time. Should you desire to return them to us within two years we will buy them back at the price you pay toward a new piano.

One \$400 Square Piano, now \$200. One \$750 Square Piano, now \$335. One \$500 Square Piano, now \$180. One \$450 Square Piano, now \$110.

Terms, \$10 cash, \$3 to \$5 monthly.

Out-of-Town Buyers. This is your opportunity to buy the piano of your choice at a big saving. If you can't come to Atlanta, write us. We will ship any piano you may select and guarantee satisfaction, or the instrument may be returned to us at our expense.

Time Is Short. The sale positively closes Saturday night. Do not miss this great making your call. Stock is fast being sold. Store open until 10 p. m. 64 Peachtree street. THE WESTER MUSIC COMPANY, Atlanta, Ga.

SALE of 1700 YARDS OF EMBROIDERY, 19c YARD

This Morning After 9 O'Clock

These embroideries are odd pieces of Swiss, Nainsook and Cambric Insertions, Bands, Edges, Medallions, and some Flouncings, up to 12 inches wide. Some of these are soiled and rumpled, and again some are not—just as good styles as we like in stock, but anyone who has the knack of designing dainty underwear and waists can use these embroideries to good advantage.

But while we brand some as not "A-1" styles, there are many that are exactly right. We set the one price on all of them.

There are some colored embroideries in Edges and Bands, worth from 35c to 1.00, for instance; with few of them worth less than 50c.

We put the maximum value in this lot at 1.00, but there are a number that reach a good bit over that price, that we've accounted as dollar embroideries.

"I'll take a little MARK ROGERS, please." Say that in an earnest way—say it like you mean it. You've the right to specify the brand you want, and it's your duty, too.

When you don't specify a brand of good whiskey, you generally get "any old brand" that's usually served in an unlabelled bottle—the kind that shows a long profit for the house—the cheaper kind.

MARK ROGERS is made for men who think enough of their toddy to specify the brand—for men who really can appreciate a good whiskey. A whiskey that's always just a little better in good company.

At good places; but be sure to specify.

REVISION OF THE TARIFF

After Talk With Roosevelt,
Senator Hopkins Says
"Stand Pat."

Oyster Bay, N. Y., July 17.—Pres-
ident Roosevelt, Senator Hopkins, of
Illinois, and H. E. Miles, representing
the Wisconsin tariff revision league,
discussed the subject of tariff revision
at luncheon at Sagamore Hill today.
Senator Hopkins, on leaving Oyster
Bay, said that the conclusion was
reached that no tariff revision should
be undertaken until after the next
presidential election.

"It would be suicidal to the republi-
can party," the senator added, "to un-
dertake a revision of the tariff during
the next congress. After the presen-
tial election it will be the duty of the
republican party to revise the tariff,
and it will be done."

Mr. Hopkins remarked that he be-
lieved such an argument would appeal to
and would be accepted by the republi-
can revisionists in all parts of the
country.

Mr. Hopkins had a very enthusiastic
word to say regarding the presidential
boom of Mr. Cannon. He said:

"Of course, there would not be the
slightest opposition in the conven-
tion to his nomination. But I am thor-
oughly convinced that Mr. Roosevelt
will not consider the nomination, that
he is entirely sincere in declaring him-
self not to be a candidate under any
circumstances."

"Speaker Cannon will have the entire
Illinois delegation solidly behind him,
and I believe that if nominated he
would make the best race of any man
the republican party could put for-
ward."

ROMAN CATHOLICS NAME BOSTON

For the Next Convention of the
Federated Societies.

Indianapolis, Ind., July 17.—The fed-
eration of Roman Catholic societies to-
day selected Boston for the next con-
vention. The resolutions committee re-
ported recommending the encourage-
ment of parochial schools and a Cath-
olic daily press, reaffirming the decla-
ration of last year on divorce; post-
poning action on a Roman Catholic Y. M. C. A.
till next year; but continuing the com-
mittee and while denouncing socialism
in its basic principle admitted that some
of the demands of socialists are right,
but are the same things for which
Christianity has long been striving.

Following the election of officers this
afternoon the convention adjourned.

The new officers are: President, Ed-
ward E. Fennell, Brooklyn, N. Y.; first
vice president, John B. Colkers, Newark,
N. J.; second vice president, Thomas
P. Flynn, Chicago; third vice president,
G. W. Stenger, St. Paul; national secre-
tary, Anthony Matte, St. Louis; na-
tional treasurer, C. Schulte, Detroit.

Among the members of the executive
board is Dr. F. Gaudin, of New Or-
leans.

Moslem Woman Fatal to Jews.
Tehran, July 17.—The alleged detention
of a Moslem woman in the Ghetto has
nearly led to a massacre. The authorities
intervened opportunely. Twenty Jews
were injured in the fighting. The Ghetto is

S.S.S. RIDS THE SYSTEM OF MALARIA

We breathe the germs and microbes of Malaria into our lungs and they are soon absorbed into the blood and distributed to all parts of the system. Then we begin to feel "out of sorts," no appetite or energy, dull headaches, a tired, sleepy feeling, and often "dumb chills" and slight fever show that this insidious disease is affecting the entire health. As the trouble progresses and the blood becomes more deeply polluted, boils and abscesses, sores and ulcers or brown splotches appear on the skin. As Malaria is a blood disease, to cure it requires a blood purifier, and S. S. S. is recognized as the best of blood purifiers. S. S. S. destroys the germs with which the blood is loaded and rids the system of Malaria. It goes down into the circulation and attacks the disease in the right way by removing every vestige of the cause and building up the blood from a weak, watery, germ-infected stream to a rich, healthy fluid, nourishing and vitalizing every part of the body by its purity. S. S. S. tones up every part of the system by its fine tonic effects, and being made entirely of healing, cleansing roots, herbs and barks it is an absolutely safe remedy for young or old. Book on the blood and any medical advice desired sent free to all who write.

LITHIA SPRINGS, GA.

"The Baden-Baden of America."

The most delightful and healthful resort in the South.

Just the place to spend your vacation for either
health or pleasure.

Under entirely new management—every convenience
and comfort. A large lawn with native growth of splendid
shade trees—tennis court, bowling alley, billiards and pool,
dancing pavilion—everything for the pleasure of our guests.

We are famed for setting the best table in the country.
Fresh vegetables and fruit from our own farm.

The famous BOWDEN LITHIA SPRINGS
WATER, nature's cure for indigestion, constipation,
kidney, bladder and liver troubles and all forms of
nervous diseases, is served guests free—just the tonic you
need, in fact they may drink from the native spring as it
is one of the attractions and delights of the place.
